

Gifts of Compassion

A young girl with dark hair, wearing a pink t-shirt and blue pants, is smiling broadly while holding several boxes of Lervia and Forta products. The image is framed within a circular graphic with colorful geometric patterns.

The gift of **Hygiene Kits** has been given in your honour to provide vulnerable families in Compassion's care with desperately needed hygiene items to stay healthy and stop the spread of COVID-19. Kits include face masks, gloves, soap, disinfectant, cleaning products and sanitary items for women.

A gift from the Compassion gift guide meets a real need of children and families living in poverty, identified by our local church partners. As critical needs increase around the world, these gifts allow children, and families to have the resources, security, health, skills and opportunities they need to overcome poverty and thrive now and into the future.
